

# **Wealden Iron Research Group discussion meeting.**

**Saturday 19<sup>th</sup>. November 2016, 11.00 am. at the  
“Plough and Horses” in Crowborough.**

## **Autumn Discussion Meeting:**

**Some Metallurgy for non-metallurgists**

**Tim Smith will lead this informal session. *Ideas in metallurgy that help our understanding of Wealden iron.* Discussion of problems like grains and crystals in metal, annealing, tempering, cold-working, alloys and eutectics.**

**Venue: Plough and Horses, Walshes Road, Jarvis Brook Nr. Crowborough, TN6 3RE. Time and date: 11.00 until 1.00, Saturday 19<sup>th</sup>. Nov.**

*Bring a friend or two!*

The Plough and Horses serve both coffee and beer. This event will end at 5.00 pm., but people may wish to stay in the bar afterwards. There is adequate parking behind the pub and overspill parking in front.

**Plough and Horses: Walshes Rd., Crowborough. TN6 3RE (Grid Ref. TQ 529 292). This is at the end of Western Rd (Jarvis Brook) opposite a railway bridge and a primary school.**

The simplest approach is to turn off the A26 at Crowborough Golf club and follow the road straight through to the pub (ringed on the map above). Approaching from the Rotherfield direction turn left into Western Road (about 100m. before the railway bridge at Crowborough Station).
